To whom it may concern,

I am writing today to recommend The Library Furniture Guy, Chris Pizzuto. Chris and his team spent countless hours working with me to put together a furniture package for the new Pelham Public Library. The new library went from 13,000 square feet to 20,000 square feet and required all new furniture and shelving. Chris walked me through every part of the process from selection, ordering, receiving and installation. His installation crew was professional and dependable and a pleasure to work with.

Chris and his team were always easy to get in touch with and always returned calls and emails. Chris personally attended to many details of the project and any issues that arose. When he tells you he will make problems right, he is telling the truth. Chris went above and beyond to make sure everything was done to my satisfaction.

I am more than pleased with the beautiful furniture and shelving in my new library!

I happily recommend Chris Pizzuto and his team.

Sincerely,

Mary Campbell
