Chris,

Please forgive me for my delay in getting a reference for you. We are so pleased with our young adult area and I am happy to share a few words for you to use as you see fit.

We used Chris Pizzuto with TMG to update the young adult area in our library and he did a fantastic job. Chris took care of every detail from the initial order to delivery and set up. He met with us to review products and choose finishes, and even allowed us to change our minds a few times before the final order was sent in. When the shipment arrived Chris came and assembled everything and made sure all furniture was properly installed. An added bonus: Chris was so kind to offer suggestions for a different arrangement for our department at no charge—and it was great to have his design experience to help improve our layout! Our project was small but we were so impressed that he treated us as if we were his largest customer! We will definitely use Chris again for our library updates as the opportunity arises.

Again, thank you for doing such a great job with our project—I know it was a small project, but hopefully there will be an opportunity to work with you on a larger project one day.

All my best,
Tracey Thomas
